

Yale Study Abroad

Yale Study Abroad Deadlines

Please see <https://studyabroad.yale.edu/get-started/application-deadlines> for links to the applications and more information about the application process

To transfer credit from your experience, you must **both** apply directly to the program by the program's deadline **AND** complete Yale's credit or petition application by Yale's deadline for that term (see below). The exceptions are Yale Summer Session Abroad and the Balliol College Junior Year Abroad program, for which you only need to apply directly through the application on the Yale Study Abroad website by the deadline.

To use courses taken abroad towards major or distributional requirements, please see <https://studyabroad.yale.edu/fulfilling-requirements-outside-credit>. Yale Summer Session Abroad courses will fulfill the distributional requirements listed on the program brochure page on the Yale Study Abroad website.
